RAINIER INSERTS

THE RAINIER INSERT: YOUR FIREPLACE, TRANSFORMED

Turn your old fireplace into the stunning centerpiece your home deserves. The new Rainier Insert delivers a breathtaking fire that combines the beauty of a natural flame with the convenience of a modern gas appliance. This is more than an upgrade—it's a complete transformation.

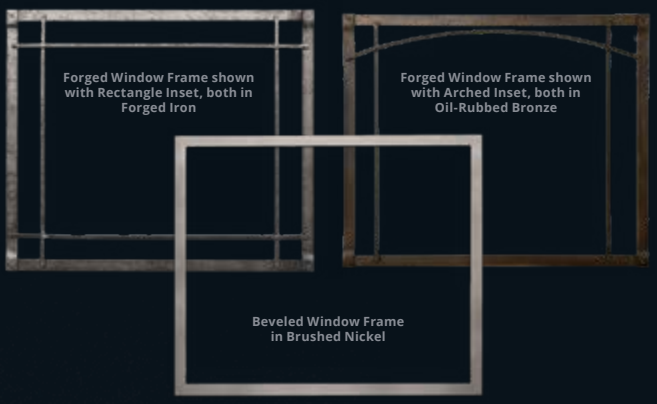

ELEVATED BURNER TECHNOLOGY

By raising and precisely positioning the burner, the system enhances flame height, movement, and glow, delivering a fuller, more realistic fire appearance. The elevated design also improves ember bed illumination and log detail, creating layered depth that closely mimics a traditional wood-burning fire. The result is a visually striking, high-efficiency insert that combines authentic ambiance with modern performance.

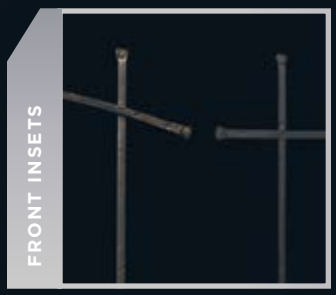

DECORATIVE FRONTS

Decorative front options allow you to personalize your fireplace so it truly complements your home's style. It's a simple way to tailor the fireplace to your taste while enhancing the finished feel of your installation.
